The Hail Hunter is a thick vehicle cover designed to protect vehicles against hail damage. The cover is five to six inches thick of vinyl. The cover which is made to order to fit your vehicle is simply placed over the vehicle. The straps are fastened to hold the cover into place. Can easily be cleaned with soap and water and is very durable.

I have not seen any cover being sold that offers Hail Damage Protection. The covers being sold today are just too thin to offer Hail Damage Protection.
